

Part No.

# MF2S-QM

*2 port manifold with Quick-test connections, 5000 psi/350 bar, 316 Stainless Steel*

Ideal for testing multiple pressure instruments at once up to 5000 psi (350 bar).

MF2S-QM

## Specs/Attributes

|                           |                                                                 |
|---------------------------|-----------------------------------------------------------------|
| Country of origin         | USA                                                             |
| Inlet Port                | Male Quick-test                                                 |
| Materials                 | Powder Coated Steel, Stainless Steel                            |
| Max Operating Temperature | 130 °F / 54 °C                                                  |
| Max Pressure              | 5000 PSI / 350 bar / 35 MPa                                     |
| Media Compatibility       | Air, Inert Gas, Natural Gas, Petroleum Based Oil, Water         |
| Min Operating Temperature | 0 °F / -18 °C                                                   |
| Outlet Port               | Male Quick-test, Male Quick-test with cap and chain             |
| Seal Materials            | Buna-N                                                          |
| Weight                    | 2.19 lbs / 990 grams                                            |
| Dimensions                | H: 4 in (10.16 cm) x W: 8 in (20.32 cm) x D: 4.38 in (11.13 cm) |
