

DP Transmitter Quick-test Adapters

Connect a Quick-test hose directly to a DP transmitter using the bleeder port when the transmitter is not mounted on a 3 or 5 valve manifold or when the manifold is not easily accessible.

Features

- This unique fitting makes a metal to metal seat on the transmitter and a Quick-test hose can be attached on the other side
- Connects through the bleeder screw port on a DP transmitter
- Made in USA

DP Transmitter Quick-test Adapters
